

MASTER OF SCIENCES AND PROFESSIONAL MASTER IN **BUSINESS ADMINISTRATION**

About the Programs

EPOKA University, with its multinational structure, is one of the leading institutions throughout Balkan region. Known for its superior academic standards and outstanding faculty members, EPOKA introduces you in Albania a multinational education - a degree you can rely upon.

We believe that organizational performance depends closely on management style, philosophy, and managerial performances. These all require deep understanding of human nature, and analytical abilities to organize human and physical resources.

Our global perspective for MBA program at EPOKA has attracted international attention of academicians and candidates from several countries. We focus on global quality standards in MBA education. Based on this perspective, we teach our MBA students how to manage organizations effectively and efficiently with universal principles. Also, the ways to enrich their managerial philosophies are enlightened.

We invite you to experience this exciting atmosphere at EPOKA.
